EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows in order to correct a minor typographical error:

In the last line of claim 16 delete the wording “; and” after the recitation "said primary nozzle" and replaced it by ---.

This correction is necessary in order to prevent claim 16 from being interpreted as an incomplete claim because said claim ends with the word “and”. Examiner has carefully reviewed all the amendments with respect to this claim and has concluded that claim 16 is not incomplete. The word “and” has inadvertently being added by mistake.
